Three ways to build

Repo Creator / The Builder

Keystone

An R assembled around a warm corner piece.

Clear name connection. Strongest small silhouette.

Joinery

Two beams meet through alternating joints.

Craft and connection. More abstract at small sizes.

Benchmate

A compact helper with a builder's hard hat.

Warm and playful. More character than product mark.

Selected: Keystone

One bold silhouette, a useful initial, and an assembly detail that survives in one colour.
